

August 2026 | OC, IE, SD

At Astrana Health, our care model is designed to deliver a more connected, patient-centered experience—from primary care to specialty services and beyond. By emphasizing preventive care, integrated specialty coordination, and culturally aligned care teams, we help ensure members receive the right care at the right time. Convenient access to clinics,

supercenters, and 24/7 virtual care further supports a seamless healthcare journey. For you, our broker partners, this means greater confidence in a system that prioritizes quality, accessibility, and satisfaction for your clients. It's one more way Astrana continues to elevate the standard of care across our network.

MEMBER ENGAGEMENT SPOTLIGHT

The latest developments in how we're supporting your clients

Meet Fernando Lomeli *Member Engagement Manager*

What do you enjoy most about managing Member Engagement?

"The thing I enjoy the most in managing member engagement is providing clarity to our members. For example, members often struggle with understanding the difference between their medical group and their insurance. It gives me pleasure when our members express their gratitude after helping them understand this and any other questions they may have."

Which Astrana value do you feel is most important in your job?

"*Put Patients First* is definitely the most important Astrana value in my job!"

Tell your clients about our **New Member Orientations!**

Encourage new clients to attend our NMO sessions to better understand their medical group, benefits, and how to access care. It's a simple way to help them feel *confident, informed, and supported* from the start.

Tuesday, August 4th at 12pm
(Virtual via Microsoft Teams)

For our Riverside county members

Thursday, August 6th at 12pm
(Virtual via Microsoft Teams)

For our Orange county members

For more info on NMO dates, visit www.alphacaremed.com/community-events/

PROVIDER HIGHLIGHT

RIVERSIDE COUNTY

Stanley Schwartz, M.D.

Dr. Schwartz attended medical school at Autonomous University of Ciudad Juarez (Mexico) and Ross University, School of Medicine (Dominica). He is board-certified with the American Board of Internal Medicine.

Dr. Schwartz strives to provide the utmost care for his patients and their families by making healthcare treatment accessible, convenient, and understandable. He wants to be his patients' medical home base: the place that helps his patients continue their progress towards wellness, helps them find relief when they're ill, and can coordinate and find appropriate subspecialists when they need it. His team is committed to both professional and personal excellence through mutual respect and understanding, proper patient education, and the promotion of wellness.

PROVIDER HIGHLIGHT

SAN BERNARDINO COUNTY

Romeo Samouh, M.D.

Dr. Samouh prides himself in providing comprehensive care for his patients of all ages. He is trilingual in English, Spanish and Arabic which enables him to communicate efficiently with his patients from many backgrounds, to better understand their concerns, and to improve their care. In his free time, he enjoys exercising, listening to music, and staying up to date on preventive medicine.

Dr. Samouh believes that seeing a provider is not just about numbers and lab results, but involves an earnest physician and patient relationship that includes trust and connection. He and his team's mission is to help their patients accomplish their goals in a compassionate and efficient way.

PROVIDER HIGHLIGHT

SAN DIEGO COUNTY

Margaret Deel , M.D.

Dr. Deel is a primary care doctor and medical director at Fallbrook Medical Center. She attended medical school at University of Virginia, School of Medicine and received residency training at University of Virginia, School of Medicine Health System. She is also board-certified with the American Board of Family Medicine.

Dr. Deel places special emphasis on dedicating the necessary time to provide the highest quality in preventive and clinical medicine. With over 25 years of experience in various healthcare settings her preference lies with the smaller, more intimate environment where she can establish meaningful connections with her patients and provide comprehensive care.

Gateway to Care

*Opening the Door to
Quality Care*

STAFF HIGHLIGHT

Rosa Zamora / Medical Assistant

At Gateway Clinic, team members like Rosa are at the heart of delivering compassionate, patient-centered care. We asked Rosa to tell us about herself, why she chose healthcare, and what she enjoys most about working at Gateway:

“I chose to work in healthcare because **I enjoy helping people and making a positive difference in their lives.** As a medical assistant, I have the opportunity to support patients during their healthcare journey, help them feel comfortable and respected, provide compassionate care, and contribute to quality patient care every day.

To me, living healthy means taking care of both my physical and mental well-being—making balanced choices, staying active, eating nutritious foods, getting enough rest, and managing stress. **I believe that leading a healthy lifestyle helps me be my best for my patients and my team, and it allows me to encourage others to do the same.**

What I love most about working at Gateway Clinic is the supportive team environment and the providers' dedication to excellent patient care. Everyone works together to create a positive atmosphere where patients feel heard and cared for. Outside of work, I enjoy cheering on my daughter at her basketball and flag football games—it's one of my favorite ways to spend my time.”

Patient Reviews

5 stars on Google Reviews

June 2026 ★★★★★

"Dr. Sarah Chae is, without a doubt, the best doctor I have ever had. She has been my primary care physician for more than 15 years, and I have followed her to two different practices because I simply couldn't imagine having anyone else manage my care."

June 2026 ★★★★★

"Dr. Chae is one of the best doctors I have had. She is very thorough and truly listens. I would highly recommend her to all my friends and family. She makes you feel seen. In a world where so many talk at you, and not to you, she is awesome."

June 2026 ★★★★★

"Dr Chae is an awesome Dr. - very thorough and she takes the time to answer all questions and concerns. Dr. Chae's vast knowledge combined with her experience provides patients with the best of care! I highly recommend her!"

May 2026 ★★★★★

"I enjoyed my visit with Dr. Chae. Best doctor I ever had. She listens, she understands and very attentive doctor. She truly understands me as my doctor since my middle thirties and I'm seventy four now. I am blessed to have her as my doctor."

A Partner in Parkview

Heart & Vascular Center Improvements

Click to watch Dr. Patankar, Cath Lab Director, show some of the amazing capabilities of the Philips Azurion Imaging System!

On October 26, 2023, Parkview celebrated the addition of its new Cath Lab and Hybrid Operating Room—an important advancement in expanding cardiovascular care and technology for the community that was once only available at major university hospitals, such as USC or UCLA.

At the heart of this expansion is state-of-the-art technology, including the Azurion 7 C20 system, designed to enhance precision and flexibility in imaging and procedures. With these advanced capabilities, physicians can deliver more accurate diagnoses and improved treatment outcomes, reinforcing Parkview's commitment to providing high-quality, patient-centered care.
